

May 25, 2023

Greetings, SWAPAFamily! In the blink of an eye, spring is gone, the kids are rounding out the last days of the school year, and the summer season is upon us!

As you know by now, our SWAPA Pilots began casting their Strike Authorization Votes (SAV) on May 1. Because of the overwhelming and record-breaking 99.2% **YES** voting results, our SWAPA Board of Directors and executives decided to close the ballot early on May 11. The resounding yes results of the SAV will have a profound effect on our negotiations for Contract 2020 by showing our Pilots' unity across the board. Special thanks to all of **you** — the spouses, partners, and significant others — for your continued support. Without your understanding and engagement, the outcome could have been different. Read SWAPA President Casey Murray's [latest executive message to Pilots](#) after the SAV results were in.

Kicking off the SWAPAFamily Unity Celebration tour earlier this month, we hosted more than 600 DEN-based Pilots and their families at our opening event of 2023 at the Main Event in Highlands Ranch, CO. What an epic night! Watch a brief recap of the evening below.

Our next SWAPAFamily stop is **San Diego on June 22** at Dave & Buster's. More details and registration can be found below. We aim to please at every event with free food and beverages, non-stop entertainment for the kids, and as always, SWAPA execs and key committee members

on hand to provide the latest update on negotiations and to answer your questions. Don't pass up the opportunity to join us in 2023!

Please remember to stay engaged, read about what's going on, listen to the [SWAPA Number Podcasts](#), and follow SWAPA's social media channels. All are informative resources to help keep you and your family connected and in the know.

## SWAPA Pilots Ready to Strike

With the results of the Strike Authorization Vote in the past and Pilots preparing for the next steps, SWAPA recently created this [Ready to Strike page](#) on swapa.org for our passengers, our families, and anyone else who wants to know the reasons for the SAV and potential future work stoppages.

## SWAPA Number: 99.2

The latest SWAPA Number podcast is titled 99.2, representing the percentage of Pilots who voted yes to the first Strike Authorization Vote in SWAPA history. Because of that historic vote, SWAPA President Casey Murray discussed those numbers and what they mean for our Pilot

group.

Read about what is needed to release the parties from mediation prior to a strike, why Southwest Pilots are unhappy, and what it all means for our families, our profession, and our customers.
